Conservatives – delivering high-quality services

The pandemic has dominated the last twelve months and we have all had to change the way we work under the threat of the Covid virus.

Conservative-led East Sussex County Council and Wealden District Council moved quickly to home-working to ensure services were maintained, especially to the vulnerable in our community.

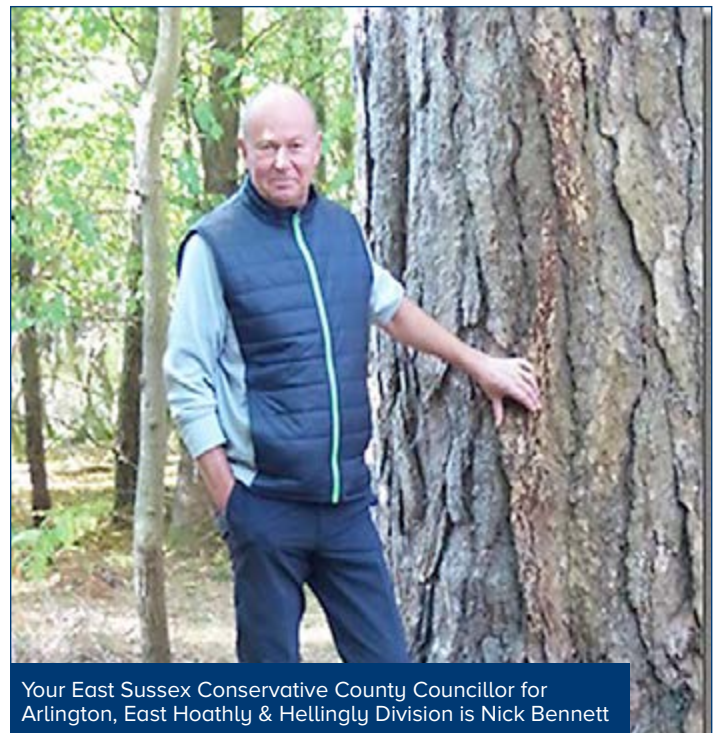

Thanks to volunteers across the county who delivered food parcels and prescriptions to those shielding. We will also not forget those working in the NHS at this busy time.

As you read this, multiple vaccines are being delivered across the county.

KEEPING COUNCIL TAX LOW

The majority of county councils have increased Council Tax by 5%, including the adult social care precept; but in well-managed East Sussex, we have kept the increase to £1 a week for a Band D property.

Careful financial management by Conservative Wealden District Council has meant that services can be maintained whilst keeping Council Tax at the same level for 2021/22.
