

How your vote WILL help make East Sussex even better

A Conservative administration always looks to employ local businesses. It all comes down to your vote on 6th May – VOTE CONSERVATIVE.

- We are growing our apprenticeship and job opportunities ...
- Enabling further school-to-school support and rolling out three Mental Health Support Teams working across 60 schools.
- Continuing our East Sussex Health and Social Care Plan to deliver greater levels of integrated care.
- Delivering a county-wide Environment Strategy and a two-year action plan to reduce the Council's own emissions to net zero as soon as possible.

Team East Sussex

Our partnership with business, social enterprise and education representatives published the East Sussex Economy Recovery Plan to invest £45 million in businesses hardest hit by the coronavirus pandemic. The plan will deliver hundreds of new jobs.

Supporting the vulnerable

The Council has been supporting vulnerable households with the cost of food, energy and other bills with £1.5 million from the COVID-19 Winter Grant scheme. The funding provided for free school meals during the half term holidays. We are also awarding grants ranging from £3,000 to £100,000 to voluntary, community and social enterprise organisations to help them continue their vital work.

Transport

Transport for the South East, our partnership of the area's 16 transport authorities, approved the 30-year Transport Strategy, which sets out an ambitious 2050 vision for the region with net-zero carbon, sustainable economic growth alongside integrated transport, digital and energy networks.

Dear Resident,

I have been proud to serve your rural parish for 12 years and will be delighted to serve another term. In that time we have fought off land raise, reduced speed limits, and helped countless people with health or financial worries. I have had the privilege to have worked as a Cabinet Member of the Council, including road maintenance and now as Deputy Leader of the Council I have responsibility for setting the budget, setting Council Tax and making sure the money, your money, goes where it is needed most.

Through these extraordinary times I have kept engaged with colleagues across the country in order to help secure the services that we must always provide for the elderly, the vulnerable of all ages, and to do what we can to keep communities safe and healthy.

The greatest challenge we will face is the climate emergency. We are working with the right people to do the right things to protect and enhance the environment. We will also further develop better broadband, add more walking and cycling access and bring in LED street lights. You may also be assured that I will always represent the communities I serve on contentious issues or where there are opportunities to enhance social value.

Kind regards,
Nick Bennett
Conservative Candidate for Arlington, East Hoathly and Hellingly Division, East Sussex County Council Elections.

On Thursday 6th May you can get things done in Wealden

VALUE FOR MONEY

Conservative councils deliver high-quality, accredited services.

By working with you, business leaders, partners and our neighbours, we deliver value for money and constantly strive for improvement.

CARING FOR AND ABOUT OUR ENVIRONMENT

We work with the Environment Agency, utility companies, land managers and planners as we rollout our Environment Plan to improve air and water quality, reduce carbon emissions, and move away from fossil fuels as we already have with our street lighting and all our buildings' energy.

POSTAL VOTES and POLLING STATIONS

If you would prefer a postal vote please contact Wealden District Council as soon as possible on 01323 443322. Applications need to be received by 20th April.
